OCCUPY LA MEDIA NEWS

“THIS MOVEMENT IS GROWING”

LOS ANGELES CBS KCAL 9 NEWS

CBS/KCAL 9 Los Angeles News on Saturday reported the Occupy LA movement is growing.

In fact Occupy LA has grown four-fold. There are now 436 tents, a shower, library, food center, meditation temple, medic center, security, newspaper and media transmission center all on the grounds at Los Angeles City Hall. On October 7 there were 100 tents. Now “weekend numbers spike.”

Occupy Los Angeles News has witnessed a steady increase of new occupiers to 200 Spring Street where all are welcome.

Occupy LA's Gia Trimble speaking for the OLA Media committee said, “There is such a thing as old City Hall. So there is

plenty of area” for Occupy LA expansion.

CBS also confirmed that the requirement of occupiers to move their tents at 10 pm each night was waived by Los Angeles. Lastly CBS praised Occupy LA's functioning structure stating Occupy LA visibly “gets more organized with each week. They have a General Assembly, committees, first aid, a media tent with generator to send their message viral worldwide.”
